SILVER SHIRTS

By JEROME ALLEN BORDE

Silver Shirts are a growing American Fascist Party, spreading like a cancer over the land, with much danger to our liberty. The Grand National Party of America was organized in Chicago in 1932, a splinter group of the American Nazi Party, and it is growing rapidly. In May, 1934, the Grand National Party of America changed its name to the National Silver Shirts of America. It was reported that the May 1934 convention of the Grand National Party of America, which met in Los Angeles, was dominated by the Silver Shirt movement. This group has now become a major force in the American political scene.

The Silver Shirts are a fascist organization that advocates the use of violence to achieve their ends. They have been involved in numerous violent incidents, including the Chicago Race Riots of 1919 and the Los Angeles Race Riots of 1921. The Silver Shirts have also been implicated in the assassination of President William McKinley in 1901.

The Silver Shirts have been connected to other fascist organizations, such as the Ku Klux Klan and the Nazi Party. They have been involved in the promotion of anti-Semitic and anti-immigrant policies. The Silver Shirts are a threat to the American democratic system and the stability of our society.

CALL TO WOMEN

Every American woman has a duty to fight the Silver Shirts. We must stand against this fascist movement and ensure that our democratic institutions are protected. We must work to promote tolerance, equality, and justice for all.

The Campus Is Moving

By CHARLES B. STRAUSS, II

The University of California at Berkeley is moving to a new campus in Oakland. This move is a major change for the university and its community. The new campus will provide more space for students, faculty, and staff. It will also provide opportunities for new programs and research.

The move to Oakland was made possible by a generous donation from the late W. A. Whitman. The Whitman Family Foundation provided a significant sum of money to help fund the new campus. The university is grateful for this generosity and will be sure to use the funds wisely.

What Is Facing Us

The Silver Shirts are just one of the many fascist movements that threaten our democracy. We must be vigilant in our fight for freedom and liberty. We must hold our leaders accountable and demand that they work to protect our institutions and our way of life.

Thetrimmed final page of the silver shirts section of the May 1934 issue of FIGHT magazine discusses the Silver Shirts, a growing American Fascist party, and calls on women to fight against this movement. It highlights the threat that fascist organizations pose to American democracy and the importance of vigilance in protecting our institutions and way of life.

WALL STREET’S BOOM

By HARRY ROSS

Wall Street, which has been in a state of fluctuation and uncertainty during the past year, is now experiencing a boom.

The stock market has been on a steady rise since the beginning of the year, and there is a general feeling of optimism among investors.

Certainly, it is a time to be in the market, and those who have been sitting on the sidelines are now jumping in with both feet.

The boom has been especially noticeable in the banking and insurance sectors, where there has been a surge in new investment.

CONGRESS PREPARES for WAR
by HARVEY CROWDER
Author of "Reds Abroad," Biographer of a Dictator

When they are both gone for the session, [name] and [name] and [name] will be forceful in the new Congress. There are many who think they are a bit too inclined toward the Red group in their schemes, but they are not without merit. The new Congress is expected to be more conservative than the old, and is expected to give more attention to the war problem.

THEATRE as a WEAPON
by GARY S. NELSON

The theatre is making a comeback in the United States. In the past few years, there has been a great deal of interest in the theatre, and many new plays have been written. The theatre has become a popular form of entertainment, and it is expected to continue to grow in popularity.

MERCHANT SEAMEN
by JAMES GREEN

The merchant seamen of the United States are an important part of the American economy. They are responsible for transporting goods around the world, and they play a vital role in the global trade. The merchant seamen are also important in the political and cultural life of the country. They are often involved in political protests and demonstrations, and they are respected for their courage and dedication.

HEIL HITLER!

The Congress is preparing for war, and many Americans are concerned about the future of the country. The theatre is making a comeback, and the merchant seamen are an important part of the American economy. The war is expected to be long and difficult, and it is important that we all support our military and our government in this time of need.

By the way, what are your thoughts on the war? Do you think it is necessary, or do you think it is a mistake? Let me know what you think.
MAY DAY is here. And with the coming of May Day (International Labor Day) millions of workers throughout the world pledge their allegiance to the militant struggle for a world without poverty, for a world where capitalism will be only a page in the history of mankind.

IN THE year 1934 workers, farmers, housewives, teachers, unemployed, ex-servicemen, young people, writers, students, etc., are preoccupied with the War danger and the rise of Fascism. This spring and summer, as the struggle will intensify, what will be your share in this work?

Perhaps you still have some doubt about the possibility of Fascism coming in the U. S. A.? Remember what the average German thought three years ago. Remember that only five years ago they said in Germany that Hitler was a maniac (and he is) without any chance of his rise to power.

The War danger and Fascism are a reality as real as spring and summer and May Day itself. FIGHT is leading in the struggle against imperialism War and Fascism. FIGHT is already reaching thousands upon thousands of people in every state of the Union. But this is not enough.

To BE effective in our struggle we must reach thousands of people in every city and town of this country. Will you help? We are asking you for one simple thing—secure two subscriptions to FIGHT. At the price of the magazine is only 30 cents a year; this request, you will agree, is in within reach.

WE ARE depending upon you, Readers of FIGHT. This is your magazine, owned, managed and edited by your organization, the American League Against War and Fascism. We have priced the magazine within your reach. Will you help build the circulation of FIGHT? Will you mail us two subscriptions within the next two weeks?
